

Letter of Invitation to research student visit

Dear Miss Abhinanda Sengupta,

I am writing to invite you to work on battery research at Bar Ilan University as part of a collaborative research project between our group and Prof. Sagar Mitra's group from IIT Bombay. We are excited to have you join us and contribute to this important research.

Your visit will take place from the 24th of April to 24th of May 2023 with the help of accommodation. During your stay, you will have the opportunity to work closely with our team, participate in research meetings and seminars, and utilize the state-of-the-art research facilities at Bar Ilan University.

We are confident that your expertise and contribution to this project will be invaluable, and we look forward to welcoming you to Israel.

Please let us know if you have any questions or concerns, and we will be happy to provide any additional information you may need.

Sincerely,

Prof. Malachi Noked
