My name is Miss. Nikhila Sankar and I am a 5th year engineering student of Tel Aviv University, Tel Aviv, Israel. I came back to my home in Chennai, India for a vacation on 18 March 2020 and since then I have been stuck due to the lockdown in Chennai, TN due to Covid-19 situation.

The university has now started in-person classroom sessions from 10th October 2021 and they want me to come back to complete my course and laboratory work as soon as possible.

This is my last semester and I am graduating in February 2022. This is the purpose of my visit.
